

THE RAW STORY

Some frozen chicken entrees look like they're cooked—but they're not!

Handle raw frozen chicken — including frozen meals, entrees, and appetizers — the same way you handle raw fresh chicken to prevent foodborne illness:

1

Read the package carefully.

2

Follow cooking instructions exactly as written.

3

Use a food thermometer to check doneness (165°F for chicken).

4

Clean and disinfect any surfaces and utensils that touched the raw product.

5

Wash your hands with soap and water after handling the raw product.
