

Table 1-2. First Birth Rates by Age of Mother, According to Race and Hispanic Origin: United States, Specified Years, 1940-55 and Each Year, 1960-2001

(First birth rates are first live births per 1,000 women in the specified group. Population enumerated as of April 1 for census years and estimated as of July 1 for all other years. Beginning in 1970, excludes births to nonresidents of the United States; see Technical Appendix. Rates for 1991-2001 have been revised using population estimates based on the 2000 census and may differ from rates previously published. See text and "Technical Notes," available at <http://www.cdc.gov/nchs/data/nvsr/nvsr51/nvsr51_12.pdf>)

Table 1-2. First Birth Rates by Age of Mother, According to Race and Hispanic Origin: United States, Specified Years, 1940-55 and Each Year, 1960-2001

(First birth rates are first live births per 1,000 women in the specified group. Population enumerated as of April 1 for census years and estimated as of July 1 for all other years. Beginning in 1970, excludes births to nonresidents of the United States; see Technical Appendix. Rates for 1991-2001 have been revised using population estimates based on the 2000 census and may differ from rates previously published. See text and "Technical Notes," available at <http://www.cdc.gov/nchs/data/nvsr/nvsr51/nvsr51_12.pdf>)

0.0 Quantity more than zero but less than 0.05.

--- Data not available.

(1) Rates computed by relating total first births, regardless of the age of mother, to women aged 15-44 years.

(2) Beginning in 1997, rates computed by relating first births to women aged 45-54 years to women aged 45-49 years.

(3) Rates for 1981-89 are revised and therefore may differ from those published in Vital Statistics of the United States, Volume 1, Natality, for 1989 and previous years; see Technical Appendix.

(4) Based on 100 percent of births in selected States and on a 50-percent sample of births in all other States; see Technical Appendix.

(5) Based on a 50-percent sample of births.

(6) Based on a 20- to 50-percent sample of births.

(7) For method of adjustment see Technical Appendix.

(8) Figures exclude data for residents of New Jersey; see Technical Appendix.

(9) Rates for 1991 and 1992 based on data for 49 States and the District of Columbia which reported Hispanic origin on the birth certificate.

(10) Rates for 1990 based on data for 48 States and the District of Columbia which reported Hispanic origin on the birth certificate.

(11) Persons of Hispanic origin may be of any race.

NOTES: Race and Hispanic origin are reported separately on birth certificates. Race categories are consistent with the 1977 Office of Management and Budget standards. See Technical Appendix.
