

# NHSN LTCF component: Respiratory Pathogens and Vaccination updates

**Division of Healthcare Quality Promotion**

Fall 2024

# Objectives

1. Apply the new up to date definition change for COVID-19 vaccination beginning September 30<sup>th</sup>, 2024
2. Know how to report LTCF resident case, hospitalization, and vaccination data beginning September 30<sup>th</sup>, 2024

**Up to date COVID-19 vaccination  
definition: Quarter 4 of 2024**

# Changes in surveillance definition of up to date with COVID-19 vaccines

- NHSN surveillance definitions change over time!
- Facilities should use the definitions outlined in the following document for each quarter: [COVID-19 Vaccination Modules: Understanding Key Terms and Up to Date Vaccination](#)

# Approval of 2024-2025 updated COVID-19 vaccines

- The [U.S. Food and Drug Administration](#) (FDA) approved and authorized the 2024-2025 updated COVID-19 vaccines on August 22, 2024
  - The 2023-2024 COVID-19 vaccines were discontinued
- CDC recommends that everyone ages 6 months and older receives the 2024-2025 updated COVID-19 vaccines
- Reporting changes for the updated definition begin the week of September 30, 2024 (Quarter 4 of 2024)

## New definition: up to date with COVID-19 vaccines

Individuals are considered up to date with their COVID-19 vaccines during the NHSN surveillance period of September 30, 2024 – December 29, 2024 if they meet the following criteria:

### **Received a 2024-2025 updated COVID-19 vaccine\***

**Note:** Users should review the [COVID-19 Vaccination Modules: Understanding Key Terms and Up to Date Vaccination](#) document for definitions by quarter.

\*Individuals are also considered up to date if they received a 2023-2024 COVID-19 vaccine within the past 2 months

# COVID-19 vaccination decision tree for quarter 4 of 2024

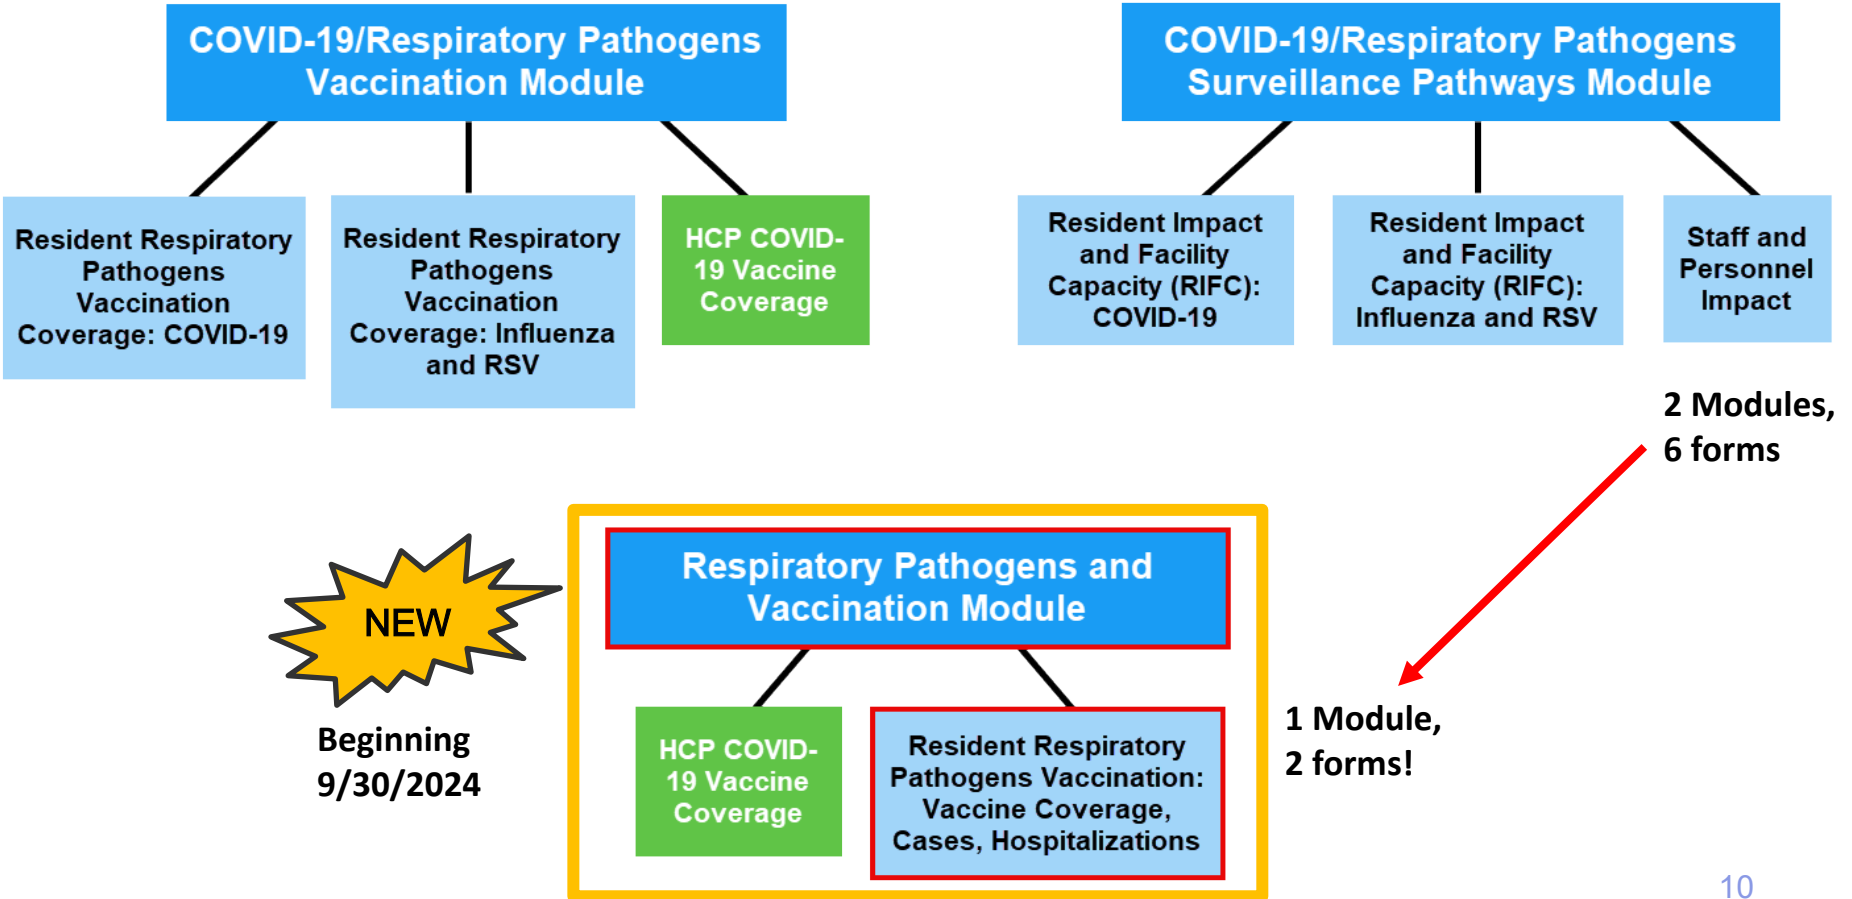

## Reporting up to date COVID-19 vaccination status

- Under the new recommendations, most individuals will **not** be up to date with COVID-19 vaccines until they receive the 2024-2025 updated COVID-19 vaccine
- Individuals will become up to date as they receive the 2024-2025 updated COVID-19 vaccine this fall/winter
- Facilities should report zero (0) up to date beginning 9/30/2024 until any individuals receive the 2024-2025 updated COVID-19 vaccine

**Introducing the Weekly Respiratory  
Pathogens and Vaccination (RPV) Summary  
Form for residents of long-term care  
facilities**

# Respiratory pathogens and vaccination reporting changes

# Simplification of LTC reporting

- **Removed:**
  - Staff Pathway (including positive tests among staff)
  - Total resident deaths
  - Resident COVID-19 deaths
  - Total beds
  - Resident census
  - Resident medical contraindications, declinations, and other/unknown vaccination statuses for COVID-19, flu, and RSV vaccination
- **Reduced reporting from 2 modules with 6 forms to 1 module with 2 forms!**
  - Remaining weekly forms:
    - Residents: vaccination, cases, and hospitalizations
    - HCP: COVID-19 vaccination
- All data are reported once per reporting week (Monday – Sunday)

# CMS COVID-19 reporting requirements for long-term care facilities

- **Reminder: Facilities should contact CMS with questions about weekly reporting requirements and quality reporting programs:**
- Long-term care facilities weekly reporting: [DNH\\_TriageTeam@cms.hhs.gov](mailto:DNH_TriageTeam@cms.hhs.gov)
- Skilled nursing facilities quality reporting programs: [SNFQualityQuestions@cms.hhs.gov](mailto:SNFQualityQuestions@cms.hhs.gov)

# Respiratory pathogen color coding

- COVID-19
- Influenza
- Respiratory Syncytial Virus (RSV)

# Weekly Respiratory Pathogens and Vaccination (RPV) Summary Form: Residents

COVID-19 Vaccine: HCP		RPV: Residents	
Number of Residents	1. *Number of residents staying in this facility for at least 1 day during the week of data collection	<input type="text"/>	
	Cumulative Vaccination Coverage		
Vaccination Coverage	2. Resident Vaccination: Among residents in Question #1:		
	2a. *Number of residents who are <u>up to date</u> with <u>COVID-19 vaccines</u>	<input type="text"/>	
	2b. Number of residents who have received this season's <u>annual influenza vaccine (2024-2025)</u>	<input type="text"/>	
	2c. Number of residents who have received <u>RSV vaccine</u>	<input type="text"/>	
New Resident Cases (Positive Tests) and Hospitalizations During the Week of Data Collection			
New Cases	3. Resident Cases (Positive Tests):		
	3a. *COVID-19: Residents with a Positive Test	<input type="text"/>	
	3ai. **Number of residents in Question #3a who received the <u>up to date</u> COVID-19 vaccine 14 days or more before the positive test	<input type="text"/>	
	3b. <u>Influenza</u> : Residents with a Positive Test	<input type="text"/>	
	3bi. **Number of residents in Question #3b who received this season's <u>annual influenza vaccine (2024-2025)</u> 14 days or more before the positive test	<input type="text"/>	
	3c. <u>RSV</u> : Residents with a Positive Test	<input type="text"/>	
	3ci. **Number of residents in Question #3c who received <u>RSV vaccine</u> 14 days or more before the positive test	<input type="text"/>	
New Hospitalizations	4. Residents Hospitalized with a Positive Test:		
	4a. *COVID-19: Residents hospitalized this week, and had a positive test in the last 10 days	<input type="text"/>	
	4ai. **Number of residents in Question #4a who received the <u>up to date</u> COVID-19 vaccine 14 days or more before the positive test	<input type="text"/>	
	4b. <u>Influenza</u> : Residents hospitalized this week, and had a positive test in the last 10 days	<input type="text"/>	
	4bi. **Number of residents in Question #4b who received this season's <u>annual influenza vaccine (2024-2025)</u> 14 days or more before the positive test	<input type="text"/>	
	4c. <u>RSV</u> : Residents hospitalized this week, and had a positive test in the last 10 days	<input type="text"/>	
	4ci. **Number of residents in Question #4c who received <u>RSV vaccine</u> 14 days or more before the positive test	<input type="text"/>	

# How to access the resident summary form

The RPV form can be accessed in two ways:

## 1. Respiratory Pathogens and Vaccination tab

- RPV – Residents

## 2. RPV Summary tab

The screenshot displays the NHSN Long Term Care Facility interface. On the left is a vertical navigation menu with the following items: NHSN Home, Reporting Plan, Resident, Staff, Event, Summary Data, Respiratory Pathogens and Vaccination, RPV Summary, Surveys, Analysis, Users, Group, Tools, Cheat Sheets, and Logout. A red circle with the number '1' is placed over the 'Summary Data' item, and a red circle with the number '2' is placed over the 'Surveys' item. The 'Respiratory Pathogens and Vaccination' item is highlighted with a red border. On the right, the main content area shows the 'NHSN Long Term Care Facility' header with a globe icon. Below the header, the 'RPV - Residents' sub-menu is highlighted with a red border and contains the following items: POC Test Result Reporting, Pathway Data Reporting (Archive), COVID-19 Event, Person-Level COVID-19 Vaccination Form - HCP, and Person-Level COVID-19 Vaccination Form - Residents.

# Weekly Respiratory Pathogens and Vaccination (RPV) Form: vaccination coverage questions

# Simplification of vaccination coverage questions:

Questions on medical contraindication, offered but declined vaccine, and other/unknown vaccine status for LTC residents will **no longer be collected**.

Facilities will report:

- Number of residents who are up to date with COVID-19 Vaccines (**required**)
- Number of residents who have received this season's annual influenza vaccine (*optional*)
- Number of residents who have received the RSV vaccine (*optional*)

**Review** the [COVID-19 key terms document](#) and [Influenza/RSV key terms document](#) for vaccination definitions and scenario examples.

# Cumulative vaccination coverage questions

## Weekly Respiratory Pathogen and Vaccination Summary for Residents of Long-Term Care Facilities

Date Created (UTC):   
\* Facility ID: 11106 Facility CCN #: CURRENT2  
\* Week of data collection (Monday - Sunday): 09/16/2024 - 09/22/2024 \* Date Last Modified (UTC):   
Flu/ Respiratory Virus Season: 2024-2025

1. \* Number of residents staying in this facility for at least 1 day during the week of data collection

### Cumulative Vaccination Coverage

2. Resident Vaccination: Among residents in Question #1:
- 2a. \* Number of residents who are [up to date](#) with [COVID-19 vaccines](#)
- 2b. Number of residents who have received this season's [annual influenza vaccine \(2024-2025\)](#)
- 2c. Number of residents who have received [RSV vaccine](#)

### New Resident Cases (Positive Tests) and Hospitalizations During the Week of Data Collection

3. Resident Cases (Positive Tests):
- 3a. \* COVID-19: Residents with a Positive Test
- 3ai. \*\* Number of residents in Question #3a who received the [up to date](#) COVID-19 vaccine 14 days or more before the positive test
- 3b. Influenza: Residents with a Positive Test
- 3bi. \*\* Number of residents in Question #3b who received this season's [annual influenza vaccine \(2024-2025\)](#) 14 days or more before the positive test
- 3c. RSV: Residents with a Positive Test
- 3ci. \*\* Number of residents in Question #3c who received [RSV vaccine](#) 14 days or more before the positive test
4. Residents Hospitalized with a Positive Test:
- 4a. \* COVID-19: Residents hospitalized this week, and had a positive test in the last 10 days
- 4ai. \*\* Number of residents in Question #4a who received the [up to date](#) COVID-19 vaccine 14 days or more before the positive test
- 4b. Influenza: Residents hospitalized this week, and had a positive test in the last 10 days
- 4bi. \*\* Number of residents in Question #4b who received this season's [annual influenza vaccine \(2024-2025\)](#) 14 days or more before the positive test
- 4c. RSV: Residents hospitalized this week, and had a positive test in the last 10 days
- 4ci. \*\* Number of residents in Question #4c who received [RSV vaccine](#) 14 days or more before the positive test

# Weekly Respiratory Pathogens and Vaccination Summary for Residents: cumulative vaccination coverage

Cumulative Vaccination Coverage	
2. Resident Vaccination: Among residents in Question #1:	
2a. * Number of residents who are <a href="#">up to date</a> with COVID-19 vaccines	<input type="text"/>
2b. Number of residents who have received this season's <a href="#">annual influenza vaccine</a> (2024-2025)	<input type="text"/>
2c. Number of residents who have received <a href="#">RSV vaccine</a>	<input type="text"/>

- Q2a: Residents are considered up to date with **COVID-19 vaccination** if they have received the updated 2024-2025 COVID-19 vaccine.
- Q2b: Residents are considered vaccinated for **influenza** if they have received the 2024-2025 influenza vaccine.
- Q2c: Residents are considered vaccinated for **RSV** if they received 1 dose of the RSV vaccine.

# **Weekly Respiratory Pathogens and Vaccination (RPV) Form: questions on new cases (positive tests)**

# What about the Surveillance Pathways?

- Because resident case and hospitalization data will be reported in the Weekly RPV Form beginning 9/30/24:
  - The pathways will be disabled for dates **AFTER** 9/29/24
  - Users can add and edit data for dates **PRIOR** to 9/30/24
  - Beginning 1/6/25, the pathways will be view only for all dates

 COVID-19/Respiratory Pathogens (Archive)

# New resident cases (positive tests) during the week of data collection

Weekly Respiratory Pathogen and Vaccination Summary for Residents of Long-Term Care Facilities

Date Created (UTC):

\*Facility ID: 11106 Facility CCN #: CURRENT2

\*Week of data collection (Monday - Sunday): 09/16/2024 - 09/22/2024 \*Date Last Modified (UTC):

Flu/ Respiratory Virus Season: 2024-2025

1. \*Number of residents staying in this facility for at least 1 day during the week of data collection

**Cumulative Vaccination Coverage**

2. Resident Vaccination: Among residents in Question #1:

2a. \*Number of residents who are [up to date](#) with COVID-19 vaccines

2b. Number of residents who have received this season's [annual influenza vaccine](#) (2024-2025)

2c. Number of residents who have received [RSV vaccine](#)

**New Resident Cases (Positive Tests) and Hospitalizations During the Week of Data Collection**

3. Resident Cases (Positive Tests):

3a. \*COVID-19: Residents with a Positive Test

3a. \*\*Number of residents in Question #3a who received the [up to date](#) COVID-19 vaccine 14 days or more before the positive test

3b. Influenza: Residents with a Positive Test

3b. \*\*Number of residents in Question #3b who received this season's [annual influenza vaccine](#) (2024-2025) 14 days or more before the positive test

3c. RSV: Residents with a Positive Test

3c. \*\*Number of residents in Question #3c who received [RSV vaccine](#) 14 days or more before the positive test

4. Residents Hospitalized with a Positive Test:

4a. \*COVID-19: Residents hospitalized this week, and had a positive test in the last 10 days

4a. \*\*Number of residents in Question #4a who received the [up to date](#) COVID-19 vaccine 14 days or more before the positive test

4b. Influenza: Residents hospitalized this week, and had a positive test in the last 10 days

4b. \*\*Number of residents in Question #4b who received this season's [annual influenza vaccine](#) (2024-2025) 14 days or more before the positive test

4c. RSV: Residents hospitalized this week, and had a positive test in the last 10 days

4c. \*\*Number of residents in Question #4c who received [RSV vaccine](#) 14 days or more before the positive test

**Note:** As of September 30th, case data is reported once during the reporting week

# Questions on new cases (positive tests)

Required

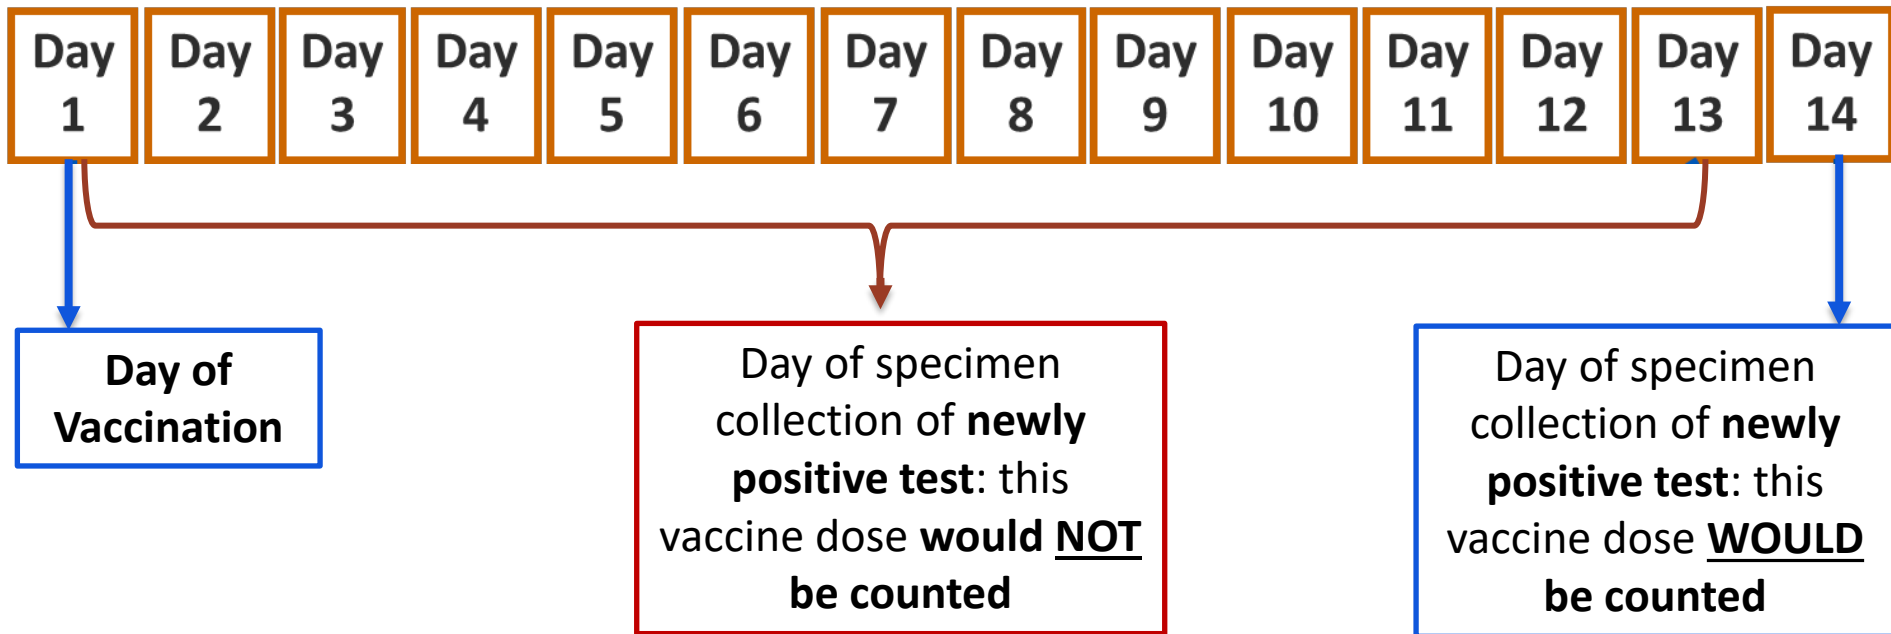

Optional

New Resident Cases (Positive Tests) and Hospitalizations During the Week of Data Collection	
3. Resident Cases (Positive Tests):	
3a. <b>COVID-19</b> : Residents with a Positive Test	<input type="text"/>
3ai. ** Number of residents in Question #3a who received the <u>up to date</u> COVID-19 vaccine 14 days or more before the positive test	<input type="text"/>
3b. <b>Influenza</b> : Residents with a Positive Test	<input type="text"/>
3bi. ** Number of residents in Question #3b who received this season's <u>annual influenza vaccine (2024-2025)</u> 14 days or more before the positive test	<input type="text"/>
3c. <b>RSV</b> : Residents with a Positive Test	<input type="text"/>
3ci. ** Number of residents in Question #3c who received <u>RSV vaccine</u> 14 days or more before the positive test	<input type="text"/>

- Questions **3a**, **3b**, and **3c**: Residents who have tested positive for COVID-19, Influenza, and/or RSV
- Questions **3ai**, **3bi** and **3ci**: Of the residents with a positive test (**3a**, **3b** or **3c**) how many have received the associated vaccine 14 days or more before the positive test.

**Review** the [COVID-19 key terms document](#) and [Influenza/RSV key terms document](#) for vaccination definitions and scenario examples.

# Vaccination status of residents with a newly positive test: how to apply the 14-day window for questions 3ai, 3bi, and 3ci

**Weekly Respiratory Pathogens and  
Vaccination (RPV) Form: questions on  
new hospitalizations with a positive test**

# New resident hospitalizations with a positive test during the week of data collection

## Weekly Respiratory Pathogen and Vaccination Summary for Residents of Long-Term Care Facilities

Date Created (UTC):

\*Facility ID: 11106 Facility CCN #: CURRENT2

\*Week of data collection (Monday - Sunday): 09/16/2024 - 09/22/2024 \*Date Last Modified (UTC):

Flu/ Respiratory Virus Season: 2024-2025

1. \*Number of residents staying in this facility for at least 1 day during the week of data collection

### Cumulative Vaccination Coverage

2. Resident Vaccination: Among residents in Question #1:

2a. \*Number of residents who are [up to date](#) with COVID-19 vaccines

2b. Number of residents who have received this season's [annual influenza vaccine](#) (2024-2025)

2c. Number of residents who have received [RSV vaccine](#)

### New Resident Cases (Positive Tests) and Hospitalizations During the Week of Data Collection

3. Resident Cases (Positive Tests):

3a. \*COVID-19: Residents with a Positive Test

3ai. \*\*Number of residents in Question #3a who received the [up to date](#) COVID-19 vaccine 14 days or more before the positive test

3b. Influenza: Residents with a Positive Test

3bi. \*\*Number of residents in Question #3b who received this season's [annual influenza vaccine](#) (2024-2025) 14 days or more before the positive test

3c. RSV: Residents with a Positive Test

3ci. \*\*Number of residents in Question #3c who received [RSV vaccine](#) 14 days or more before the positive test

4. Residents Hospitalized with a Positive Test:

4a. \*COVID-19: Residents hospitalized this week, and had a positive test in the last 10 days

4ai. \*\*Number of residents in Question #4a who received the [up to date](#) COVID-19 vaccine 14 days or more before the positive test

4b. Influenza: Residents hospitalized this week, and had a positive test in the last 10 days

4bi. \*\*Number of residents in Question #4b who received this season's [annual influenza vaccine](#) (2024-2025) 14 days or more before the positive test

4c. RSV: Residents hospitalized this week, and had a positive test in the last 10 days

4ci. \*\*Number of residents in Question #4c who received [RSV vaccine](#) 14 days or more before the positive test

Hospitalizations  
with Positive  
Cases

**Note:** As of September 30th, hospitalization data is reported once during the reporting week.

# Questions on hospitalization

Required

4. Residents Hospitalized with a Positive Test:		
4a. *COVID-19:	Residents hospitalized this week, and had a positive test in the last 10 days	<input type="text"/>
4ai. **	Number of residents in Question #4a who received the <a href="#">up to date</a> COVID-19 vaccine 14 days or more before the positive test	<input type="text"/>
4b. Influenza:	Residents hospitalized this week, and had a positive test in the last 10 days	<input type="text"/>
4bi. **	Number of residents in Question #4b who received this season's <a href="#">annual influenza vaccine (2024-2025)</a> 14 days or more before the positive test	<input type="text"/>
4c. RSV:	Residents hospitalized this week, and had a positive test in the last 10 days	<input type="text"/>
4ci. **	Number of residents in Question #4c who received <a href="#">RSV vaccine</a> 14 days or more before the positive test	<input type="text"/>

Optional

- Questions [4a](#), [4b](#), and [4c](#) Residents who have been hospitalized during the week and have tested positive for a respiratory pathogen in the 10 days prior to the hospitalization.
- Questions [4ai](#), [4bi](#), and [4ci](#): Of the residents who were hospitalized during the reporting week and had a positive test in the past 10 days ([4a](#), [4b](#), or [4c](#)) how many have received the associated vaccine 14 days or more before the positive test.

**Review** the [COVID-19 key terms document](#) and [Influenza/RSV key terms document](#) for vaccination definitions and scenario examples.

Of the residents who were admitted to the hospital during this reporting week, how many of those residents have also had a positive test in the 10 days prior to the hospitalization? (Questions 4a, 4b, 4c)

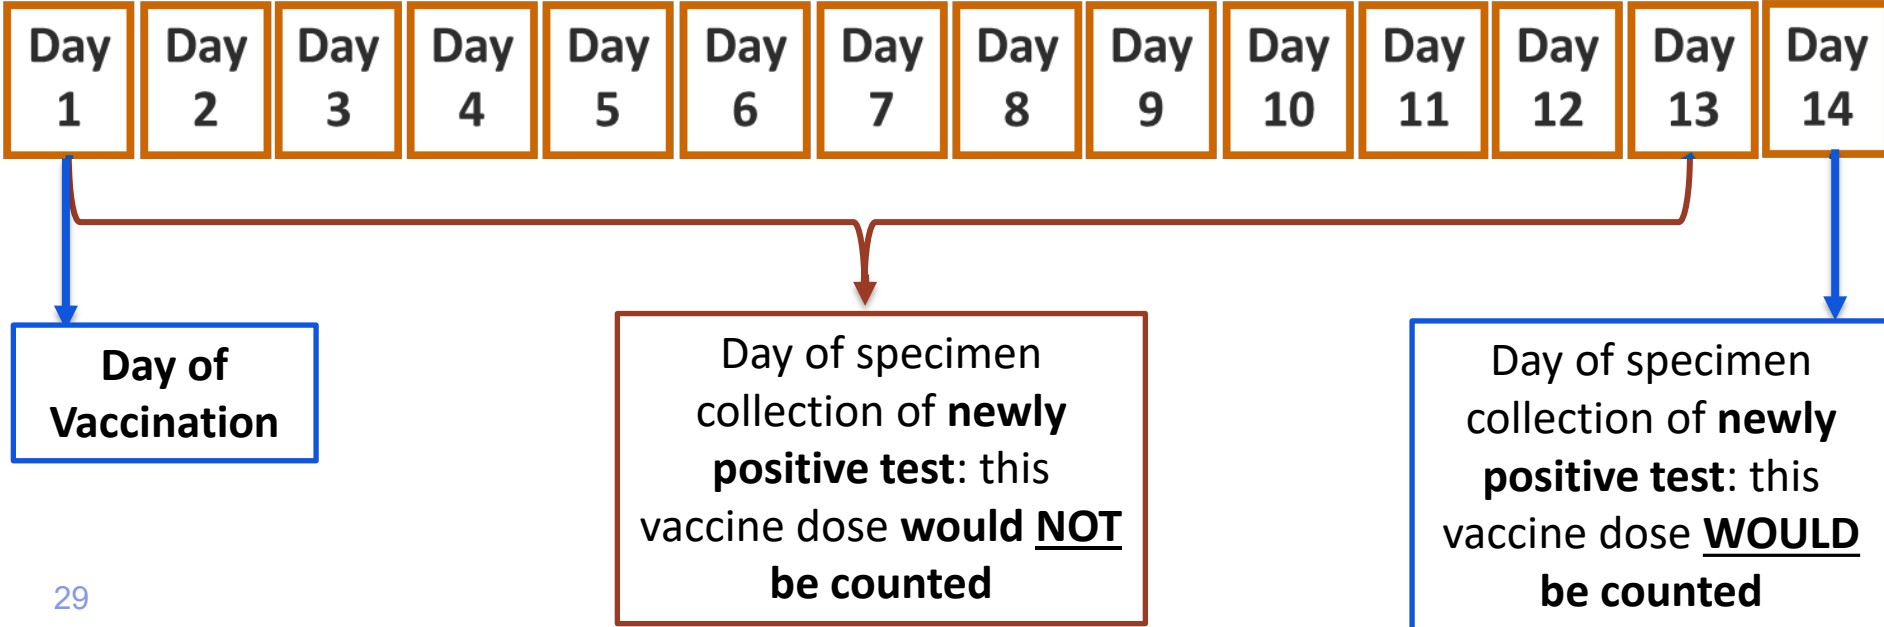

Day of specimen collection of **positive test**

**Day of Admission:**  
This admission **would be** counted in the hospitalizations count since the resident had a positive test in the last 10 days

**Day of Admission:**  
This admission **would NOT be** counted in the hospitalizations count since the resident had a positive test more than 10 days prior to the admission

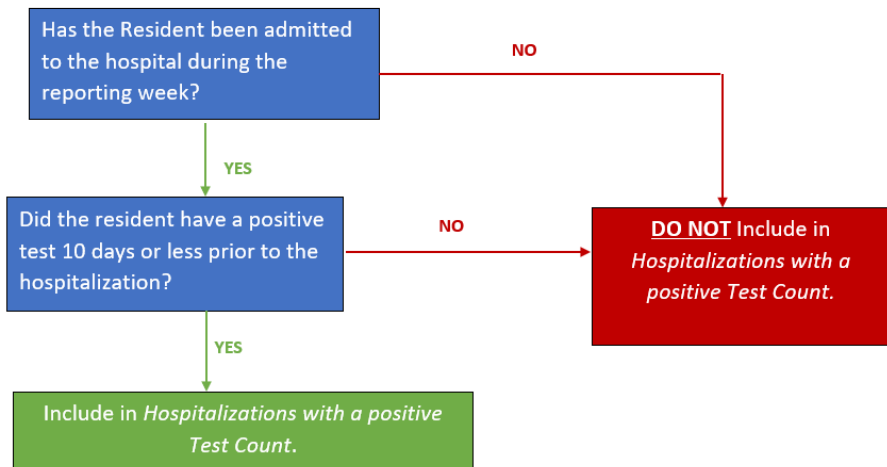

Of the residents included in the hospitalizations count, determine if the residents are considered vaccinated (Questions 4ai, 4bi, 4ci)

Has it also been 14 days or more between the time of vaccine and the positive COVID-19 test?

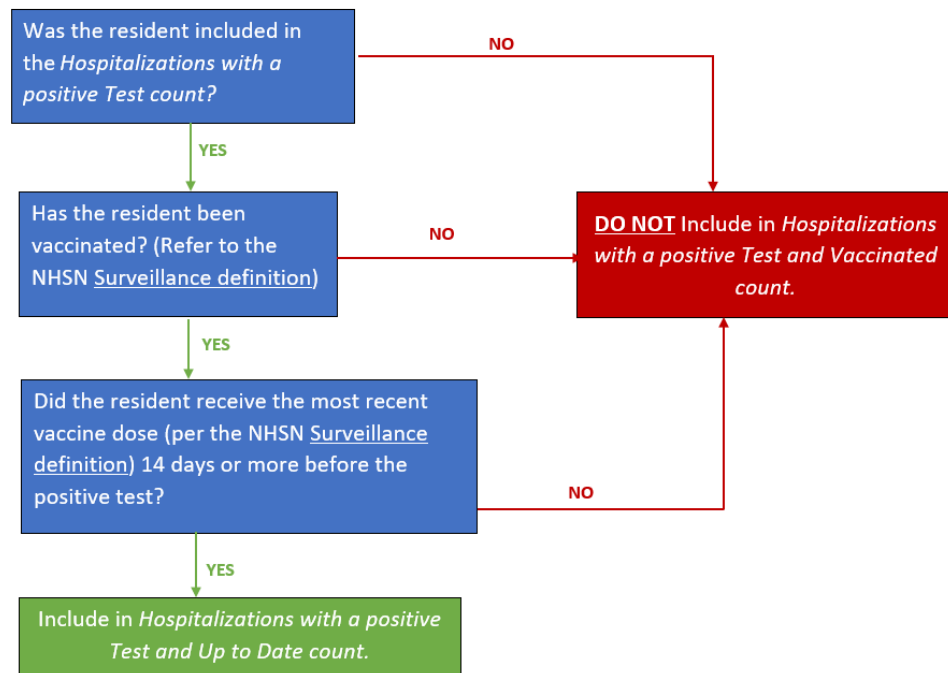

# How to determine the Count for hospitalizations and associated vaccination status

## Hospitalizations (Questions 4a, 4b, 4c)

## Hospitalizations and Vaccination Status (Questions 4ai, 4bi, 4ci)

# Example Scenarios

## Example #1: Resident Scenario

- Josh, a resident, has not received the 2024-2025 COVID-19 vaccine, the 2024-2025 influenza vaccine, or the RSV vaccine. Josh tested positive for influenza 2 days ago and was admitted to the hospital yesterday.
  - Where should Josh be documented on the RPV: Residents form?

## Example #1: Resident Scenario

- Josh, a resident, has not received the 2024-2025 COVID-19 vaccine, the 2024-2025 influenza vaccine, or the RSV vaccine. Josh tested positive for influenza 2 days ago and was admitted to the hospital yesterday.
  - Josh should be included in questions:
    - 1 (total residents)
    - 3b (influenza positive test)
    - 4b (hospitalized and a positive influenza test in the last 10 days)

Josh is not included in questions 2a, 2b, or 2c because he did not receive any of the corresponding vaccines.

Josh is not included in questions 3bi and 4bi since he did not receive the influenza vaccine.

## Example #2: Resident Scenario

- Laila, a resident, is 78 years old and received the 2024-2025 influenza vaccine in September 2024, and an RSV vaccine in September 2023. It is unknown whether she received the 2024-2025 updated COVID-19 vaccine.
- Laila has NOT tested positive for COVID, Influenza, or RSV.
  - Where should Laila be documented on the RPV: Residents form?

## Example #2: Resident Scenario

- Laila, a resident, is 78 years old and received the 2024-2025 influenza vaccine in September 2024, and an RSV vaccine in September 2023. It is unknown whether she received the 2024-2025 updated COVID-19 vaccine.
- Laila has NOT tested positive for COVID, Influenza, or RSV.
  - Laila should be included in questions:
    - 1 (total residents)
    - 2b (received 2024-2025 influenza vaccine)
    - 2c (received the RSV vaccine)

Laila is not included in question 2a (up to date with COVID-19 vaccines) because we don't know if she received the 2024-2025 updated COVID-19 vaccine.

Laila is not included in the case and hospitalizations questions since she has not had a positive test or been admitted to the hospital.

## Example #3: Resident Scenario

- Georgina, a resident, received the 2024-2025 influenza vaccine in August 2024. She did not receive a 2024-2025 COVID-19 vaccine or the RSV vaccine.
- She tested positive for influenza 15 days after receiving the vaccine.
- She was hospitalized 4 days after she tested positive.
  - Where should Georgina be documented on the RPV: Residents form?

## Example #3: Resident Scenario

- Georgina, a resident, received the 2024-2025 influenza vaccine in August 2024. She did not receive a 2024-2025 COVID-19 vaccine or the RSV vaccine.
  - She tested positive for influenza 15 days after receiving the vaccine.
  - She was hospitalized 4 days after she tested positive.
- Georgina should be included in questions:
- 1 (total residents)
  - 2b (received annual 2024-2025 influenza vaccine)
  - 3b (Influenza positive test)
    - 3bi (positive test and vaccinated with 2024-2025 influenza vaccine)
  - 4b (hospitalized and a positive influenza test in the last 10 days)
    - 4bi (hospitalized and a positive test in the last 10 days and vaccinated with 2024-2025 influenza vaccine)

# LTCF Person Level Forms

# Person-level COVID-19 Vaccination Form

- An optional tool that can be used to report data to the NHSN COVID-19 Vaccination Module
- Data on resident/HCP COVID-19 vaccines are directly entered line by line in the optional Person-Level COVID-19 Vaccination Form or can be uploaded via a .CSV file
- Makes reporting vaccination data easier and more efficient
- It applies changes to the Up to Date NHSN surveillance definition for you!

# Long-term care facility person level training

## Upcoming trainings

- Wednesday, October 2, 2024 at 1 PM
- Wednesday, October 16, 2024 at 1 PM

- Review Quarter 4 2024 person-level reporting updates for both Residents and HCP of Long-Term Care Facilities
- Registration information is under the “announcements” section on webpage: [LTCF | Respiratory Pathogens and Vaccination | NHSN | CDC](#)

# 2024-2025 COVID-19 weekly vaccine reporting: Healthcare Personnel (HCP)

# How to access the HCP weekly vaccination summary form

Facilities report weekly COVID-19 Vaccination data into the **Respiratory Pathogens and Vaccination (RPV) Summary Data** page. Below are ways to access the page:

1. Respiratory Pathogens and Vaccination
  - COVID-19 Vaccination – HCP
2. RPV Summary tab
  - Goes directly to Vaccination Summary Data

The screenshot displays the NHSN interface for Respiratory Pathogens and Vaccination (RPV). On the left is a navigation menu with the following items: NHSN Home, Alerts, Dashboard, Reporting Plan, Resident, Staff, Summary Data, Respiratory Pathogens and Vaccination (highlighted), RPV Summary (highlighted), Import/Export, Surveys, Analysis, Users, Facility, Group, Tools, Cheat Sheets, POC Vocab, Dynamic Forms, and Logout. A dropdown menu is open from the 'Respiratory Pathogens and Vaccination' menu item, listing: RPV - Residents, COVID-19 Vaccination - HCP (highlighted), POC Test Result Reporting, Pathway Data Reporting (Archive), COVID-19 Event, Person-Level COVID-19 Vaccination Form - HCP, and Person-Level COVID-19 Vaccination Form - Residents. The main content area shows the title 'Respiratory Pathogens and Vaccination (RPV)', a calendar icon, and a date range of '29 July 2024 - 08 September 2024'. Below this, a table lists data for '08/12/2024 (Monday) - 08/18/2024 (Sunday)', with rows for 'COVID-19: HCP' and 'RPV: Residents'.

# Weekly COVID-19 vaccination: HCP Form

- The HCP COVID-19 Vaccination form is unchanged.
- Continue to report as usual, noting the new up to date definition (question #2)
- Facilities should report zero (0) up to date until HCP receive the 2024-2025 updated COVID-19 vaccine

COVID-19 Vaccine: HCP    RPV: Residents

Healthcare Personnel COVID-19 Cumulative Vaccination Summary for Long-Term Care Facilities

Date Created (UTC):     • Vaccination type: COVID19    Facility CCN #:   
 • Facility ID:     • Date Last Modified (UTC):   
 • Week of Data Collection: 08/26/2024 - 09/01/2024

Cumulative Vaccination Coverage

Note: Facilities submit Weekly COVID-19 Vaccination Cumulative Summary data by completing the questions on this form. As of March 28th, 2022 facilities also have the option to use the Person-Level COVID-19 Vaccination Form and select the "view reporting summary and submit" to submit these data. Using the person-level forms is recommended to ensure that individuals who are up to date with COVID-19 vaccination are categorized appropriately according to their vaccination dates.

	Healthcare Personnel (HCP) Categories					
	All Core HCP <sup>a</sup>	All HCP <sup>b</sup>	Employee HCP • Employees (staff on facility payroll) <sup>c</sup>	Non-Employee HCP • Licensed independent practitioners: Physicians, advanced practice nurses, & physician assistants <sup>d</sup>	• Adult students/trainees & volunteers <sup>e</sup>	• Other Contract Personnel <sup>f</sup>
1. • Number of HCP that were eligible to have worked at this healthcare facility for at least 1 day during the week of data collection	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
2. • Cumulative number of HCP in Question #1 who are <b>up to date</b> with COVID-19 vaccine(s).  Please review the current definition of up to date: <a href="#">Key Terms and Up to Date Vaccination</a> .	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
3. • <b>Cumulative</b> number of HCP in Question #1 with other conditions:						
3.1 • Medical contraindication to COVID-19 vaccine	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
3.2 • Offered but declined COVID-19 vaccine	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
3.3 • Unknown/Other COVID-19 vaccination status	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

LTCF Trainings & Webinars

LTCF HCP & Resident Vaccination

NHSN's Long-term Care Facility (LTCF) Component COVID-19 Module serves as an option for long-term care facilities (specifically, skilled nursing facilities/nursing homes, long-term care for the developmentally disabled, and assisted living facilities) to report their COVID-19 resident impact, facility capacity, staffing, and supply-related data to the Department of Health and Human Services (HHS). The materials posted on this site are for archival purposes only. For current materials please refer to the [Respiratory Pathogens and Vaccination Resources](#) webpage.
